Spiritual  
Midwifery

by  
Ina May Gaskin

*Once at a Zen Center picnic in Golden Gate Park, I saw Suzuki do what I felt was a silent teaching on the nature of Enlightenment.*

*When he arrived at the gathering he saw a baby blanket on the ground and he lay down on it and rolled up in it and just lay there a while in his black robes, rolled up in a lacy pink baby blanket.*

—Stephen  
Gaskin
